Aping Mankind Raymond Tallis, 2016-04-14 Neuroscience has made astounding progress in the understanding of the brain What should we make of its claims to go beyond the brain and explain consciousness behaviour and culture Where should we draw the line In this brilliant critique Raymond Tallis dismantles Neuromania arising out of the idea that we are reducible to our brains and Darwinitis according to which since the brain is an evolved organ we are entirely explicable within an evolutionary framework With precision and acuity he argues that the belief that human beings can be understood in biological terms is a serious obstacle to clear thinking about what we are and what we might become Neuromania and Darwinitis deny human uniqueness minimise the differences between us and our nearest animal kin and offer a grotesquely simplified account of humanity We are argues Tallis infinitely more interesting and complex than we appear in the mirror of biology Combative fearless and thought provoking Aping Mankind is an important book and one that scientists cultural commentators and policy makers cannot ignore This Routledge Classics edition includes a new preface by the Author

The Myth of Liberal Individualism Colin Bird, 1999-05-13 This book challenges us to look at liberal political ideas in a fresh way Colin Bird examines the assumption held both by liberals and by their strongest critics that the values and ideals of the liberal political tradition cohere around a distinctively individualist conception of the relation between individuals society and the state He concludes that the formula of liberal individualism conceals fundamental conflicts between liberal views of these relations conflicts that neither liberals nor their critics have adequately recognized His interesting and provocative study develops a powerful criticism of the libertarian forms of liberal individualism which have risen to prominence and suggests that by taking this term for granted theorists have exaggerated the unity and integrity of liberal political ideals and limited our perception of the issues they raise
